To  
Sir Moses Montefiore, Baronet,  
F.R.S.  
Honoured Sir,  
We, the undersigned, beg  
to express to you on the part of the Birmingham  
Hebrew Congregation our sincere and heartfelt  
congratulations on your safe return to England  
and to convey to you how grateful we feel  
that your mission to Morocco under Divine  
guidance, has been crowned with success.  
You have for too long  
a period been a Helper to the persecuted of our  
race, and your own good heart has prompted  
you on your missions with too unselfish a

motive to need the euloguims your acts call  
forth on our part; but yet, however humble

our tribute may be, rest assured that it is offered in all sincerity, while it but inadequately testifies to your worth. Again amidst toils and hardships, you have been the harbinger of life and peace to the persecuted of our race; again, you have been the restorer of liberty to those bound in grievous thralldom; again, you have traversed desolate wilds to obtain religious tolerance for Israel's Sons - and again, He, who alone hath power, hath blessed your labours, and prospered your work. We earnestly pray that the Almighty Ruler, who has selected you to be His Servant and Minister of His mercies, will shower His gracious favors on you, that you may long be spared to plead with success the cause of the oppressed, even as heretofore, and that happiness and peace thus attending your footsteps

in the consciousness of well-doing, and of duties nobly performed, you may continue in the possession of every earthy good, an ornament and benefactor alike to our race and to humanity.
